### **STAT (Special Tertiary Admissions Test)**

Some courses e.g. pharmacy require all applicants to sit STAT

The Special Tertiary Admissions Test (STAT) is a series of related tests designed to assess a range of competencies commonly considered important for success in tertiary study. STAT assesses your ability to understand the material given and to think critically about issues, rather than to test knowledge of curriculum or a specific academic subject.

For further information on STAT visit UACs website at [www.uac.edu.au](http://www.uac.edu.au) and click the STAT link on the undergraduate homepage.

**Open Days:** See page 4 of the UAC News for dates

The **March 2009 UAC News** has been attached to the Yr 12 newsletter and provides a more detailed coverage of the topics introduced above. It is also posted on the website at [www.sac.nsw.edu.au](http://www.sac.nsw.edu.au)
